Welcome to the Regent family.

On behalf of the management, staff and pupils of the school, I wish you the best of the season and a fruitful year 2022 in advance.

ACADEMICS.

We resumed learning this term amidst all the uncertainties generated by covid-19 pandemic, further aggravated by unpredicted SIT-AT-HOMES and Holidays. Against all odds, we did our best as a school to keep to all safety guidelines and uphold best practices in adjusting to and managing the situation to keep the academic process going. Our pupils, on their part; notwithstanding the intensiveness of their studies, made heart-warming performances in their various classes this term.

It might interest you to know that last primary 6 set (2020/2021 set) made us proud with their Common Entrance Examination Results at both Federal and State levels.

In the Federal Common Entrance Examination, Ogbu Kenenna scored 194 out of 200 marks followed by Okafor Joshua who scored 192. Twelve pupils out of thirty-five that sat for the examination scored 180 and above.

Okafor Joshua as well scored the highest mark in Onitsha zone in the State Common Entrance Examination and were among the overall best pupils in Anambra State.

We return all the glory to God. Congratulations to the class of 2021!.

EVENTS.

1. The school management had an interactive session with the parents of our primary six pupils and advised them on the importance of their children been well prepared before entering Secondary school and the need to join hands with the teachers towards achieving that.

The parents were encouraged to provide their children with the required text and other materials, make their children available for supplementary classes, always check their weekly mock results, communicate the school on any ill-manner/character they notice in their children amongst other deliberations. It was indeed a very informative forum.

2. Christmas party was held for the children on the 10th of December 2021. The party was fun-filled.

MAINTAINING SAFETY GUIDELINES

While we hope for an endearing solution to the covid-19 pandemic, we must continue to observe strict compliance to the covid-19 protocols by frequent handwashing, use of quality hand sanitizer, wearing of face mask/shield, regular exercise and social distancing. We therefore advise parents to provide their children with personal protection equipments on resumption by January 10th, 2022. This is to ensure optimal safety.

JOKES

During an examination a student kept looking under the table and then he would write on the answer sheet. His teacher saw him doing that and thought that he was copying from a sheet.

Teacher: I am going to deduct 10 marks from your score.

Student: Haaa!! Why Sir?

Teacher: For cheating during the exam.

Student: Why do you think I was cheating?

Teacher: I saw you looking under the table.

Student: Laughing I was not copying sir, question 9 said "STUDY" THE TABLE BELOW.
