... *Accomplish more*

NEWS LETTER, 3RD TERM
2021/2022 SESSION

Beloved Parents/ Guardians,

We the management, staff and pupils of NRS jointly thank God Almighty for the uncommon grace given to us to successfully pull through to the end of 3rd term and 2021/2022 academic year.

May His name be praised.

We equally owe a deluge of thanks to you our esteemed parents for your patronage and co-operation which helped us immensely during the various activities that characterized the session; especially the recently held graduation ceremony. Thanks a million.

It gladdens our heart to intimate you as follows:

ADMINISTRATION/ACADEMICS:

In spite the disruptions in the system as a result of the several days of “sit-at-home”, the school ensured that teaching and learning continued unabated. Necessary measures were applied by the school management to improve teaching/learning conditions. The teaching facilities were upgraded to meet up with the 21st century requirements.

The teachers on their part have continued assiduously to do their work. They left no stone unturned to ensure quality academics. With the good learning environment in the school, they exposed the pupils to different methodologies suitable for them and their performances were quite encouraging. As usual, remarkable successes were also made by the primary six class of 2022.

ACTIVITIES

GRADUATION: The school held her annual graduation ceremony for the graduating classes of 2022 on July 9, 2022. Thanks to you the parents, your support made it a success.

We congratulate our pupils from Nursery 3 class upon the completion of their early childhood classes and primary 6 pupils upon their completion of the primary school level. Congratulations!

Amongst other activities of the term was the monthly star-child search which was conducted for all the classes with some children emerging as the stars. Practical works like cloth sewing (stitching), making of pomade, foot mats etc were done by some primary classes under the tutorship and supervision of their teachers. This was to actualize our intention to develop a robust curriculum that combines enriched content with other life skills.

ADMISSION

Admission forms are on sale for admission into crèche 1 to primary 5 classes. Registration has commenced.

*The Regent School proudly introduces the **REGENT COLLEGE SCHOOL OF SCIENCE**. Admission into the college is on-going and is restricted to only JSS 1 and JSS 2 classes for students who are science inclined.

The school runs for both day students and Boarders in a very comfortable, hygienic and learner-friendly environment.

Summer lesson begins 2nd August for JSS 1 and JSS 2 students.

For inquires call: 08066243331, 08167639788, 08064741425.

UPGRADES/INNOVATION

Be notified that from next term, the school will commence **CODING** and **ROBOSTIC** lessons in all our primary classes.

In view of the above, every child in the primary section is expected to pay an ICT fee of ₦2000 and ₦6000 only for Robotics. To be paid into the school fee account.

The school hired the services of a company for the programs and has purchased a brand new PMS generator solely for these programs, to ensure steady and uninterrupted power supply.

These programs are meant to train and equip the pupils of HANDIWORK, alongside their academics, for their future careers and job security. It is the belief of the school authority that " "A bird at hand is worth twice a thousand in the bush, and that a skill acquired today is a million times a secured future"

Our world is changing fast, and we have to change along.

FEES

Books: The price list for books to be used next academic session has long been released. See the attached on the various class forums. Parents who have not yet paid for their children/wards are advised to do so before resumption. The books will be bundled and supplied to the pupils on confirmation of evidence of payment.

SUMMER COACHING

Our summer coaching commences on Tuesday, August 2, 2022 and ends on 31st August 2022. (For all classes but compulsory for primary 6 class)

The coaching will feature academic subjects together with co-curricular activities (skill acquisition)

FEE: The fee is #7,000 (Seven thousand naira only).

***Note*:** (i) Payment is to be made on the first day of attendance. No child will be allowed into the class without payment.

ii. Materials needed for the co-curricular activities will be provided by the pupils and will be communicated to you in due course.

DAYS: Tuesdays – Fridays

TIME: 9am – 1pm. The school will not keep any child beyond 1.30pm. This is holiday, both the teachers and pupils need to go home early and rest.

Avail your child/ward the opportunity to be part of this summer coaching for a hitch-free take off by September.
